

## The Chippets Race for Life 2009

**May 2009**

Staff at leading SMART (Small to Medium Area Repair Technology) automotive paintwork repair specialist ChipsAway have been working hard and working out in order to raise money for their favourite charities.

The 'Chippets' – the girls at ChipsAway's Head Office in Kidderminster - raised over £700 for Cancer Research by taking part in Race for Life.

The race was held at Pitchcroft Race Course in Worcester and was the largest in the Midlands, with over 5,000 entrants. The girls who took part were Jackie Cook, Gemma Bourne, Natalie Hughes, Lindsey Barney and Rebecca Dodd and all five girls improved on their times from last year's race.
